

Clínica Msr. Oscar A. Romero Community Health Centers

Job Announcement

Job Title: Clinic Pharmacist
Department: Medical
Reports to: Medical Director
Submit your resume to: jobs@clinaromero.com

Summary: Primary responsibilities include planning, directing and administration of pharmaceutical activities and supervising the pharmacy technicians and pharmacy clerks. The Clinic Pharmacist will be directly responsible for dispensing medications, following prescriptions issued by Physicians, Dentists, or other medical practitioners. Other responsibilities include patient consultation, consulting and advising staff in the interpretation of new or revised orders of medication, and addressing general concerns pertaining to any medication as the need arises. Maintains proper logs and records as required by Local, State and Federal regulations. Assists pharmacy manager with pharmacy programs and collects data and generates reports as needed regarding pharmacy programs. Supervise and train pharmacy students. Prepare Orders and maintains the supply of drugs, chemicals and other pharmaceutical stock insuring specified quantity and potency of materials for medical use. Oversees the dispensing of medications at other Clínica Romero sites. Assures accuracy of on-line 3rd party billing. The employee reports to the Medical Director.

Job Responsibilities:

- Prepares and dispenses medication in order to fill Physicians' prescriptions; weighs, measures and mixes drugs and other medicinal communes, filling bottles or capsules with the correct medication.
- Counsels patients on prescriptions. Provides information to patients and to medical and nursing staff regarding medications.
- Reviews prescriptions for accuracy, dosage and possible toxicity or interaction affects; supervises and inspects all prescriptions filled by the pharmacy technician or other pharmacists.
- Provides information to the pharmacy and/or nursing staff on potential drug interaction and potential adverse drug reactions.
- Advises the medical/nursing staff regarding proper storage for prescription medication.
- Stores and preserves biologicals, vaccines, serums, and other drugs subject to deterioration, utilizing refrigeration and other methods.
- Orders and maintains the supply of drugs, chemical and other pharmaceutical stock
- Insures the specified quantity and potency of materials for use.
- Hires, trains, supervises and evaluates pharmacy staff.
- Maintains appropriate files and records in accordance with Local, State, and Federal regulations.
